F.No.Pr.CCIT/ITO(Fin)/Project Tarang/2022-23

Dated : 01.04.2022

MEMORANDUM

Sub: Distribution of Telecom Connections and other related issues
under "PROJECT TARANG - 2" - Regarding.

~~~~~

The letter in F.No. DIT(Infra)/Coord./Misc./2019-20/Vol-II/1174 dated 30.03.2022 regarding Project Tarang-2 is enclosed. In view of the Board's letter the AP & TS region have been allotted the following connections:

| Telecom Facility                                                                   | No. of connections | Basis of allocation                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|------------------------------------------------------------------------------------|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Mobile connections                                                                 | 2539               | The mobile connections are being allocated on the basis of working strength in all cadres.                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| FTTH Broadband connections at the residence of all Officers upto the level of ITOs | 582                | The FTTH broadband connections are being allocated as per the sanctioned strength of all officers upto the level of ITOs                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Landline Phones (without broadband) for offices                                    | 779                | The landline connections are being distributed on the basis of sanctioned strength of all officers upto the level of ITOs in a particular Pr.CCIT region. The additional landline connections are also being allocated to ensure connectivity at various locations viz., staff rooms, ASK Centres, conferences halls, canteens, guest houses, driver's rooms, reception rooms etc. locations of these landline phones may be determined by the Pr.CCIT on the basis of the functional requirement (subject to the availability of the landline connections). |

2. The existing telecom services as procured in earlier Project Tarang will be replaced / upgraded / merged into the telecom services with the technical specifications procured under "Project Tarang-2".

3. Under Project Tarang-2, FTTH broadband connections are being provided at the residences of all Officers upto the level of ITOs. The broadband connections at the residences of all the Group-A officers and single ITO stations as per the earlier Plan will now be replaced by the FTTH broadband connections under Project Tarang-2 by the BSNL/MTNL.

4. No broadband connections for the offices are being procured under "PROJECT TARANG-2". Therefore, the respective HoDs may procure a high speed internet connectivity for the building(s) as a whole, wherever possible, and then it would be distributed to all the eligible officers / officials in that building(s). In cases where single high speed connectivity is not feasible / sufficient, the HoD may procure the least possible required high speed broadband connections.

5. In view of the above, the existing Land Line connections which are used by the entitled officers at residence or Land Line connection used at office under earlier plan will be migrated to "Project Tarang-2". Therefore, all the heads of office are required to provide the information in the following proforma:

(Draft Proforma)

| Name of the Office           | Official                                     |                                         | Residential                                                                        |                                                                     |
|------------------------------|----------------------------------------------|-----------------------------------------|------------------------------------------------------------------------------------|---------------------------------------------------------------------|
|                              | Telephone No. (without Broadband connection) | Telephone No. with Broadband connection | Telephone No. installed at residences with Broadband facility for Group A Officers | Name of the officers at whose residence the connection is installed |
| Pr.CCIT/CCIT                 | 040-xxxx                                     | 040-xxxx                                | 040-xxxx                                                                           |                                                                     |

| at single ITO stations       | STDcode-xxx                                  | STDcode-xxx                             | STDcode-xxx                                                                        |                                                                     |

6. In this regard, it is requested all Heads of office to furnish the above information by 08.04.2022 so that all telephone connections under earlier plan will be migrated to Project Tarang-2 scheme. A separate Google sheet is also being circulated to be filled up mandatorily along with hard copy. The numbers reported and intimated in Google sheet only will be activated and the numbers which are not reported will automatically de-activated.

Yours faithfully,

(C.V. PAVANA KUMAR)  
Commissioner of IncomeTax  
(Admn)&(TPS)

O/o Pr..CCIT, AP & TS, Hyderabad
